EDUCATION & CERTIFICATIONS

Texas A&M University | Expected Graduation Spring 2025 | College Station, Texas

Bachelor of Environmental Design in Architectural Studies

Minors: Sustainable Architecture and Planning, Mathematics

GPA: 3.53

LEED Green Associate | Green Business Certification Inc.

Aug 2024

SKILLS

Revit, Rhino AutoCAD, Sketchup

- 3D and 2D modelling, rendering, drawing, and creating spatial and functional diagrams

Adobe Illustrator, InDesign, Photoshop, After Effects

- Designing and editing drawings, diagrams, renderings and photos

3D Printing

- Proficient in 3D printing technology and use, parameter setup, and conversion of STL files to G-Code

WORK EXPERIENCE

Perkins&Will | Architectural Intern | Austin, Texas

June 2024 – Aug 2024

- Developed and presented client-facing presentations and diagrams, effectively communicating design concepts, project and site-specific details, project updates and more to ensure client understanding and satisfaction

- Performed technical tasks in Revit, including drawing floor plans from physical drawings, drawing details, tagging elements and making schedules, and editing plans and views to ensure precise data integration and project accuracy

- Constructed detailed physical models and operated 3D printers to produce precise architectural prototypes and models

- Participated in consultant and sustainability meetings, contributing to discussions on project feasibility, environmental impact, and design optimizations

Lauren Concrete | Sales and Sustainability Intern | Round Rock, Texas

May 2023 – Aug 2023

- Produced over 200 Environmental Product Declarations (EPDs), increasing the company's competitive advantage through sustainable initiatives

- Engaged in sustainability meetings, gaining valuable insights into advanced concrete technologies, including fibers and CarbonCure, as well as participated in QC testing and quality standards, and reviewed plans and specifications

AFFILIATIONS

American Institution of Architecture Students (AIAS)

Jan 2022 - Present

AIAS Officer and Axiom Editor (May 2024 – Present)

- Curate and select submissions for Axiom's student work publication to ensure quality and coherence, and refine and organize submissions for Career Fair and exhibitions

Member

- Attend and participate in events and lectures from various guests and organizations hosted by AIAS

Preservation and Conservation Student Society (PACSS) | Member

Aug 2023 - Present

- Contribute to advocacy efforts and interdisciplinary collaborations in the preservation and conservation field

Integrated Path to Architecture Licensure (IPAL) | Member

Jan 2023 – Present

Women Helping Out Other People (WHOOOP) | Member

Aug 2022 – May 2024

- Participate in social and service events giving back to the Bryan and College Station community through five main areas: elderly, campus, children, diversity, and special needs

HOBBIES AND INTERESTS

Piano, guitar, fishing, tennis, cooking, learning, reading and literature
